MY FIRST TOURNAMENT....BY YOSHIKI IMIYA – INTERMEDIATE BR

Junior Golden Gong Wollongong 22nd June:

this is my "diary entry" about my feelings towards the competition.

My feelings towards the competition....well, I only had one major feeling to the competition and that was the feeling of nervousness. The other secondary feeling was of the feeling to win the comp. When I woke up that morning; I felt absolutely no nervousness about the competition. I felt neutral but when I arrived at the competition area, that's a different story. I started to get all nervous and all shaky. I desperately needed something to cheer me up. While I was listening to my own negative thoughts, I heard a strange "thump" noise. I thought "where had that come from"? Later on, I realized that the sound was from another lady from another club that had parked off the parking lot. When I saw Steve and Rin trying their best to get the car back to safety after seeing this, I had a strange feeling to compete in the competition and "give it my all". So I did. I tried hard to incorporate all the techniques that I had learned from the training and from training at home. I also had to fight the wind as it was a little chilly.

After about 2 or 3 hours the competition ended. I was a little tired after this. I was very proud of my shooting though. I thought that I had improved on my score from the day before and I thought that I had a very good chance in winning the thing. The result; what everyone's waiting for, well, I won in the intermediate tournament. I wasn't really surprised at all. I thought that I did well and that my shooting was very good.

Juniors shot 5 ends @30/25/20m on 122cm face.

Dave's Joke Corner:

Dan was a single guy living at home with his father and working in the family business. When he found

out he was going to inherit a fortune when his sickly father died, he decided he needed a wife with which to share his fortune. One evening at an investment meeting he spotted the most beautiful woman he had ever seen. Her natural beauty took his breath away. "I may look like just an ordinary man," he said to her, "but in just a few years, my father will die, and I'll inherit 20 million dollars. "Impressed, the woman obtained his business card and three days later, she became his stepmother. Women are so much better at estate planning than men.

ALL GOLD / PERFECT awards achieved throughout the month of May/June. Anyone wishing to purchase their awards can for a cost of \$6.00 each. *depicts 80cm face. Medallions commence at 10m.

The State/National Indoor 26th/27th July,08
by Tom Benstead.

It was a cold winter morning on the 26th of July and I had to be up bright and early (half six) which is not exactly my best time but

luckily the one and a half hour car journey to Minto gave me plenty of time to come to.

When we did finally get there it was pretty hectic and I can remember bouncing from registration to bow inspection and then the shooting line for practice within half an hour of getting there. I didn't even have time to start annoying the other guys from Warringah, Michael, Jack, Jamie, and Josh.

Then before I knew it the fateful moment had come, the moment which would decide how I shot for the rest of the competition, the **FIRST SCORING END**. I did quite well on the first end with a solid 28 out of 30 and all went well from there.

The second round was fairly uneventful except for when I stupidly shot two arrows into the same target and so having only two scoring arrows. Because of this it was my worst round. At the end of this round we had a one hour break for lunch.

In the third and fourth rounds I shot well with a score of 550 in total which earned me a FITA Indoor blue award and brought me to within 5 points of winning gold grrrrr.

Overall it was a well run event and the only complaint I could make would be that it was flipping freezing because there were no heaters.
