#### Farewell to Paul Dilley & James Wells:

James & I would like to thank everybody for their concerns with regards to James's operation on his leg. The operation went well, he now has plaster on his leg with a hinge about the knee area, the plaster will stay on until the bone heals. James would like to say good bye to all his friends at Warringah Archers as he has decided to give up archery and pursue other interests. As for myself, I will continue with archery, as I have found a sport unlike any other that gives me competition, discipline, desire to always improve and friendship with people in a great social sport. I will miss my friends at Warringah Archers, however life goes on and I'm sure I will make new friends at Northern Archers in the new financial year. I have setup next Sunday and intend to be at the club shooting over the next couple of weeks.

**Score sheets:** It is important that each time you shoot a round you do not take your score sheet away from the club. All score sheets should be placed in the recorders box. If you are shooting more than one round in a day, please mark these accordingly, as ratings are calculated on the round in the sequence they are shot.

Similarly if you are attending a shoot away from the club, please ensure either the results or you drop the recorder an email of your scores as the score cards do not always get sent to the club.

## Dave's Joke Corner:

A woman was walking down the street when she was accosted by a particularly dirty and shabby-

looking homeless woman who asked her for a couple of dollars for dinner.

The woman took out her bill fold, extracted ten dollars, and asked, "If I give you this money, will you buy some wine with it instead of dinner?"

"No," I had to stop drinking years ago, the homeless woman replied.

"Will you use it to go shopping instead of buying food?" the woman asked.

"No," I don't waste time shopping, the homeless woman said. "I need to spend all my time trying to stay alive."

"Will you spend this on a beauty salon instead of food?" the woman asked.

"Are you NUTS?" replied the homeless woman. "I haven't had my hair done in 20 years!"

"Well," said the woman, "I'm not going to give you the money. Instead, I'm going to take you out for dinner with my hubby and myself tonight"

The homeless woman was astounded. "Won't your husband be furious with you for doing that? I know I'm dirty, and I probably smell pretty disgusting."

The woman replied, "That's okay. It's important for him to see what a woman looks like after she has given up shopping, hair appointments, and wine."

Round: Mini Handicap – 6 ends @ 20m/122cm, 4 ends @ 15m/122cm, 3 ends @ 10m/80cm and 2 ends @ 5m/40cm – this proved the most tricky We hope this gave members the opportunity to mix and get to know each other a little better. Sometimes it can be daunting to suddenly have to shoot a distance further than what you've ever shot

before and react to the competitive pressures.  
We encourage our newer members to start coming along to Sunday morning shoots also.

Archers who shot All Gold at the event that can be claimed were:

Ian Wu AG @ 15m  
Mark Lapworth AG @ 20/15/10m & '60' @ 10m  
Peter Wu AG @ 10m  
Jette Bollerup AG @ 10m  
Yoshi Imaya AG @ 10m  
Conan Omori AG @ 15m

## NOTES OF INTEREST TO THE ARCHER:

### ARCHER:

Archer going to shoot today  
Archer going to get your own arrows

### BOW:

A piece of equipment when used in the proper manner usually throws arrows in the general direction of the archers choosing.

### ARROW:

A highly precise piece of mechanical engineering. An aluminium rod with a hole drilled through the middle to exceptionally small tolerances, but no matter how it is shot has always got something wrong with it.

### PILES:

No further explanation needed

### ARROW REST:

First derived in the 10<sup>th</sup> century when a local north country lad after a prolonged session of practise with his 120lb Yew said "Here you old this an I'll arrow rest over here".

### STRING:

This used to be associated with music

### NOCKS:

A pair are called nockers

### ANCHOR POINT:

That indeterminable point somewhere between nocking the arrow and release usually at the point when you can't draw any further.

### CLICKER:

Ancient device of torture causing uncontrollable bouts of shaking and a vivid impression that your arrows keep growing.

### SIGHT:

A piece of apparatus that always seems to have moved from one shot to the next.

### RELEASE:

That exquisite feeling of relief you feel after holding your 46lb bow on the gold for two minutes.

### FOLLOW THRU:

This usually occurs after eating a hot curry the night before shooting.

### PLUCK:

It's lucky Jack's got a lisp

### CAST:

Usually happens after your plastered.

### GRIP:

What you'd like to do to the judges throat when he calls a line cutter a 9.

### DRAW LENGTH:

Most pens are 6".

### QUIVER:

Dave Onslow on a quiet day

### COMPOUND:

First noticed when a recurve shooter and a wheelchair had a bad accident at one paraplegic games.

### TARGET:

When gazed upon is stationary, but when at full draw walks about all over the place.

### GOLD:

A shiny valuable mineral bearing no resemblance at all to the centre of a target.
